

A strategy game for 1 player, age 5 and up

Content :

- 1 wooden board
- 12 light colored balls
- 1 dark colored ball
- 46 illustrations with different challenges

Object :

To complete a card, you must remove all the white balls and leave only the black ball on the board.

Setup :

- Place the white and black balls on the game board as shown on the playing card.
- Cards are divided into 5 levels – in ascending order.

Playing :

- To remove a white ball you must jump over it with another ball (black or white) like in checkers.
- You can only jump one ball at a time.
- A jump must follow a road, on a straight line (diagonal, horizontal or vertical) and finish in an empty space.
- Non jump moves are not allowed.
- You cannot jump over the black ball, a white ball can jump over another white ball.
- A card is completed when there is only one black ball on the board (without any white balls).

Good Luck!
